

# Formed in place foam gasket (FIPFG)

PUR liquid sealing systems

## Your advantages

- Different foam types
- High IP protection levels achievable
- UL 50 E upon request
- UL 94 upon request
- ISO 846 (VDI 6022) upon request
- Weather resistance
- Fast curing
- Repeatability < 0,15mm (ISO 9283)
- Pretreatment and priming in-line
- Individual assemblies possible

## DAFA seals your products

- Automotive
- Electronics
- Filters
- HVAC
- Lighting
- Packaging
- Switch cabinets
- Photovoltaic
- White goods
- Wind industry
- Metal enclosures

**FLUID PUR SYSTEMS**  
to be applied into a groove.

**THIXOTROPIC PUR SYSTEMS**  
to be applied onto a flat surface.

**1 Analysis & planning**  
Demands, design and application with the customer.  
Material type, position of start/stop and tolerance.

**3 Production**  
Start of production.

**2 Goods reception**  
Receipt of customer parts.

**4 Delivery**  
Delivery of FIPFG applied parts.
