

Supplier Quality Engineer

at DAFA in Wuqing, Tianjin, China

DAFA Sealing Technology (DST), Wuqing, Tianjin, China

Do you want to be part of a solution-oriented team and actively strengthen DST's international competitiveness?

DAFA Sealing Technology (Tianjin) Co., Ltd. (DST) is a global, leading partner within industrial sealing, absorbing, and protecting solutions. To support the continuous growth-ambitions in China, we are looking for an ambitious, English-speaking Supplier Quality Engineer.

Your key tasks will be:

- Actively involved in all supplier quality activities from supplier selection, supplier development through ongoing performance monitoring.
- Actively engaged in the selection of suppliers and business assignments.
- Responsible for carrying out the quality assurance activities within the ongoing project framework by documented guidelines and instructions.
- Manage the portfolio of suppliers, which the Supplier Development Manager assigns.
- Responsible for communicating the quality objectives and quality requirements to suppliers.
- Responsible for managing and challenging the overall quality performance of suppliers who deliver to the DAFA Group locations.
- Responsible for supplier improvements of various parts in the production.

We expect that you:

- Have a good understanding of ISO 9001 and quality control tools such as FMEA, CPK, SPC, MSA, 8D or 5C methods for error analysis. Knowledge of Lean and 6 Sigmas will be an advantage.
- Are confident working with Windows / MS Word / MS Excel /MS PPT.
- Work independently, are result-oriented and a team player.
- Contribute positively to the development of DST.
- Have analytical skills.
- Speak and write English fluently.

Supplier Quality Engineer

We offer you:

- A full-time job in a well-established production company with a distinct growth and development culture.
- A career in an international company with a flat organization and a management that focus on common values, good relations, results, and feedback.
- Competent colleagues worldwide and a friendly working environment.
- Good terms of employment and excellent opportunities for personal and professional development.
- Necessary training in the job and the industry.

Want to join our team?

Kindly send your application with your CV in both English and Chinese, and other relevant documents to **HR Manager, Jane Li, via E-mail: jal@dafachina.cn**

Application deadline: we will be conducting on-going screening and interviews, so please send your application including CV at your earliest convenience.

Expected start date: as soon as possible.

About DAFA

DAFA is a family-owned corporation founded in 1939 by Børge Norby.

The early manufacture and assembly of bronze sealing strips has evolved into manufacture of products in foam, rubber and plastic materials for construction, industry and wind energy applications, such as gaskets, sealing tape, and sound and vibration damping solutions.

After establishment and acquisition of subsidiaries abroad, the DAFA Group now has more than 350 employees across three continents and eight countries, with production in Denmark, Italy, Poland and China. DAFA's headquarters are located in Aarhus, Denmark.

DAFA's mission is to provide sustainable, long-lasting solutions which seal, absorb and protect. Our goal is for our customers to experience added value by collaborating with DAFA.

Core story

The invisible lines that make wonders happen.

At DAFA we are experts in specialized products and total solutions that seal, absorb and protect.

With constant innovation, uncompromising product quality and close collaboration with our partners, we contribute to successful projects in industries where attention to detail is the difference between success and failure.

Our experience covers three quarters of a century with a strong commitment to principles of sustainability in business decisions that create long-term value for our stakeholders.

Our global supply chain means we deliver to any location efficiently on competitive conditions.
