

DAFA Universal Outdoor Adhesive

Warranty.

DAFA offers a function and product warranty for 10 years on all products associated with DAFA AirStop System.

DAFA Universal Outdoor Adhesive is a specially made adhesive with excellent adhesive properties.

Application

DAFA Universal Outdoor Adhesive is used for bonding a wide variety of materials in most structures.

Adheres to aluminum, metal, zinc coated metal, wood, PVC-U, and other non-porous materials.

DAFA Universal Outdoor Adhesive has excellent resistance to aging, temperature changes and is waterproof. However, it is not suitable for direct application to polystyrene, PVC, asphalt or tar.

Advantages

- Exceptionally resistant to weather and UV exposure
- Good resistance to heat and cold
- Excellent adhesiveness
- Outstanding adhesion to concrete
- It is listed in the database for building products that can be used in Nordic Swan Ecolabelled buildings.

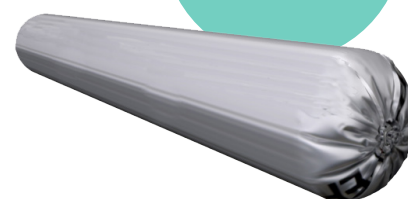

Coverage

A 600 ml bag will last for approx. 7-8 meters of glue string (based on a glue string with a width of approx. 10 mm).

Personal safety when using

Always ensure good ventilation. If this is not possible, use a respirator. Always wear rubber gloves and safety glasses. Avoid prolonged contact with skin.

Universal adhesive for outdoor use

DAFA Universal Outdoor Adhesive 600 ml.

Content per bag	DAFA no.
Consistency	Pastelike
Drying time	24 hours
Temperature resistance	+50 °C
Application temperature	+5 °C to +30 °C
Tensile strength	> 75 N/25 mm
Tack-free	approx. 10 minutes
Storage	Dry Over +15 °C. Max. 24 months

Quantity per box	DAFA no.	DB no.	EAN no.
12 units of 600 ml.	620026751	1828048	5705636423418

DAFA Universal Outdoor Adhesive can be applied directly to the ceiling or wind barrier. Maintains foils on both porous and smooth surfaces.

DAFA Universal Outdoor Adhesive for adhesion of wall foil.

DAFA Universal Outdoor Adhesive for adhesion of EPDM membranes.
