

IT Business Consultant

- for operation and development of Dynamics AX-ERP system

DAFA A/S, Brabrand

For DAFA in Brabrand, Denmark, we are looking for a skilled and service-minded AX consultant who has experience from an order-producing company.

You will be part of an international set-up and help your colleagues at several different locations. In the job, you will primarily work with the development and operation of the AX modules (Finance, Supply Chain, and Production). You will be strongly involved in the upcoming transition to the new version of AX Microsoft Dynamic 365 - the idea is to switch to the cloud version in the future.

With reference to the IT Manager, your tasks will consist of:

- First/second line support of ERP related incidents in Dynamics AX 2012
- First/second line support of our integrated systems etc. EDI/ASN
- Analyze and adapt new business demand into our ERP system
- Helping optimize and utilize our use of ERP
- Member of the Change Approval Board
- Working together with our external partner on ERP customization
- Manage and update our documentation

Your qualifications:

You have a relevant IT education and experience with the development and operation of an AX ERP system. It is important for your success in the job that you are able to view the company's business processes and needs. You are used to working closely with external software developers. You have obtained your knowledge from a similar position in an order-producing company - alternatively as an external consultant. It is expected that you are fluent in both written and spoken English.

We offer you:

An exciting and challenging position where you get an independent responsibility and the opportunity to shape the solutions in your field. Skilled colleagues, orderly conditions, and a company in positive progress.

We are experiencing growth, and you will be part of an organization where the tone is unpretentious and the colleagues are accommodating and helpful.

The recruitment is handled by Peak Rekruttering - read more and apply [here](#)

About DAFA

DAFA is founded in Denmark in 1939.

The early manufacture and assembly of bronze sealing strips has evolved into manufacture of products in foam, rubber and plastic materials for construction, industry and wind energy applications, such as gaskets, sealing tape, and sound and vibration damping solutions.

After establishment and acquisition of subsidiaries abroad, the DAFA Group now has more than 350 employees across three continents and eight countries, with production in Denmark, Italy, Poland and China. DAFA's headquarters are located in Aarhus, Denmark.

DAFA's mission is to provide sustainable, long-lasting solutions which seal, absorb and protect. Our goal is for our customers to experience added value by collaborating with DAFA.

Core story

The invisible lines that make wonders happen.

At DAFA we are experts in specialized products and total solutions that seal, absorb and protect.

With constant innovation, uncompromising product quality and close collaboration with our partners, we contribute to successful projects in industries where attention to detail is the difference between success and failure.

Our experience covers three quarters of a century with a strong commitment to principles of sustainability in business decisions that create long-term value for our stakeholders.

Our global supply chain means we deliver to any location efficiently on competitive conditions.
